

# How to Setup & Utilize ADP WOTC Integration

Last Modified on 03/31/2020 7:37 am CDT

With ADP WOTC, your business saves money by helping to pinpoint and secure tax credits at all levels including federal, state, and local. By utilizing the TempWorks integration, the screening and reporting process could not be easier.

**\*Note\*** If you are interested in the ADP SmartCompliance WOTC integration, please contact your TempWorks Account Manager or Project Manager.

This article covers the following:

- [Integration Setup Process](#)
  - [Testing ADP Exports Within Enterprise](#)
  - [Adding ADP-WOTC Page to HRCenter Workflow](#)
- [Applicant Process](#)
  - [The ADP-WOTC Survey](#)
- [Service Rep Process](#)
  - [The Employee Record](#)
  - [Running the Exports Weekly](#)

## Integration Setup Process

In order for the setup process to begin, all you will need is your Screening Integration Credentials which are obtained from ADP. TempWorks and ADP will handle the rest.

The following will be setup by TempWorks:

- ADP exports within Enterprise
- ADP-WOTC page within HRCenter

Once the above have been setup, the service rep will need to test the exports and add the ADP-WOTC page to their HRCenter workflow before the integration can be utilized.

## Testing ADP Exports Within Enterprise

Instructions on testing the exports can be found [here](#).

**\*Note\*** ADP will alert TempWorks of any errors with the exported files.

Once the three exports have been tested and ADP has confirmed they are functioning as intended, an email will be sent letting the user know that the next step can be completed.

## Adding ADP-WOTC Page to HRCenter Workflow

For more information, please see the [How to Create & Edit Workflows](#) article.

**\*Note\*** If you are unable to access the administration section of HRCenter, please work with your management team or contact TempWorks Support.

**\*Note\*** Do not add the ADP-WOTC page to your workflow until ADP has confirmed the exports are functioning as intended and they have turned on the integration.

---

# Applicant Process

With the integration setup and activated, applicants are able to complete the ADP-WOTC survey within their application.

## The ADP-WOTC Survey

When the applicant reaches the ADP-WOTC page, they will click on the link to bring them to the actual survey:

Save and Continue >

**The WOTC screening is built into the HRCenter workflow.**

Once within the survey, the applicant will be provided with two options. If the applicant selects 'No', then that's it! The survey has been completed. If the applicant selects 'Yes', then further questions will be asked.

ESPAÑOL

**i** ABC Company participates in federal and/or state tax credit programs. The information you give will be used to determine the company's eligibility for these programs and will in no way negatively impact any hiring, retention or promotion decisions. [Learn More...](#)

**Do any of these statements apply to you? \***

**You or a household member received...**

- Any type of government assistance
- Welfare/TANF
- Food Stamps/SNAP
- Social Security Income benefits

**You...**

- served in the U.S. Armed Forces
- have been unemployed for 6+ months
- received vocational rehabilitation services
- were convicted of a felony

YES / NOT SURE

NO

**Questions are asked at a 2<sup>nd</sup> grade reading level to improve comprehension.**

**Average screening time is 30 seconds for ineligible applicants, and 90 seconds for eligible applicants.**

Once the survey has been completed, the applicant is returned to their HRCenter application where work can be continued:

## Application

- ✓ Basic Information
- ✓ WOTC
- Step Review**

## Step Review

All questions have been answered in this step of the application.

You may still go back and fix any inaccurate information at this point.

When you are confident that all information on your application is correct, click the "Submit" button. By submitting, you are verifying that all information is complete and accurate. You will not be able to change any answers after it is submitted.

Save and Exit

Submit

**Once the WOTC screening is completed, the employee simply moves to the next section in HRCenter.**

## Service Rep Process

Once the applicant has submitted their application with the ADP-WOTC page completed, information is updated on the employee record within Enterprise. The weekly exports are also able to be ran and sent to ADP by the service rep.

### The Employee Record

When the applicant has completed the ADP WOTC survey page within their application, the eligibility status (eligible or ineligible) will be added to the employee record within Enterprise along with a visual indicator:

**WOTC eligibility data flows to the employee record so hiring managers can proactively place qualified candidates.**

**A green money icon is highlighted at the top of the page to indicated employees that are WOTC eligible**

**Personal information**

Last Name: Jones | First Name: Oliver | Middle Name: | Nickname: | SSN: 4295079819 | Birth Date: 3/1/2018

**Hiring information**

Order Type: | Hire Status: Eligible | Profession: | Washed Status: Familiar | I9 On File: | I9 Expire Date: | Orientation Date: | Anniversary Date: | Resume On File: | Numeric Rating: 10 | WOTC Eligibility: Eligible

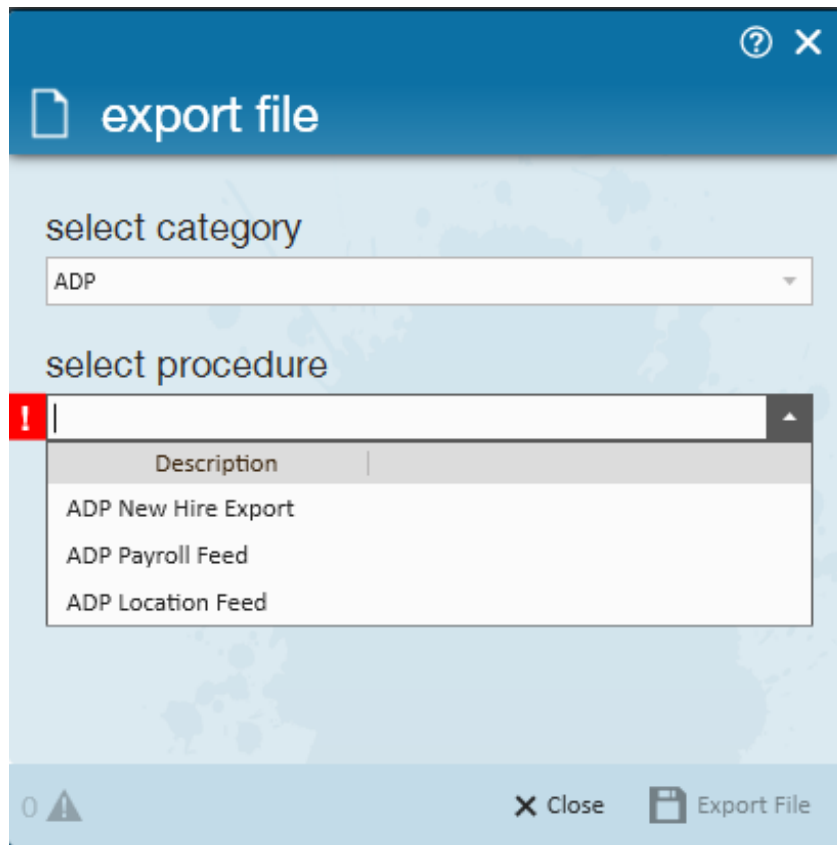

**background information**

Past Residences: | Convictions: | Security Clearance: | Nationality: | Veteran Status: | Birthplace: | Gender: | I9 Date Verified: | Date Entered: | Birth Day: |

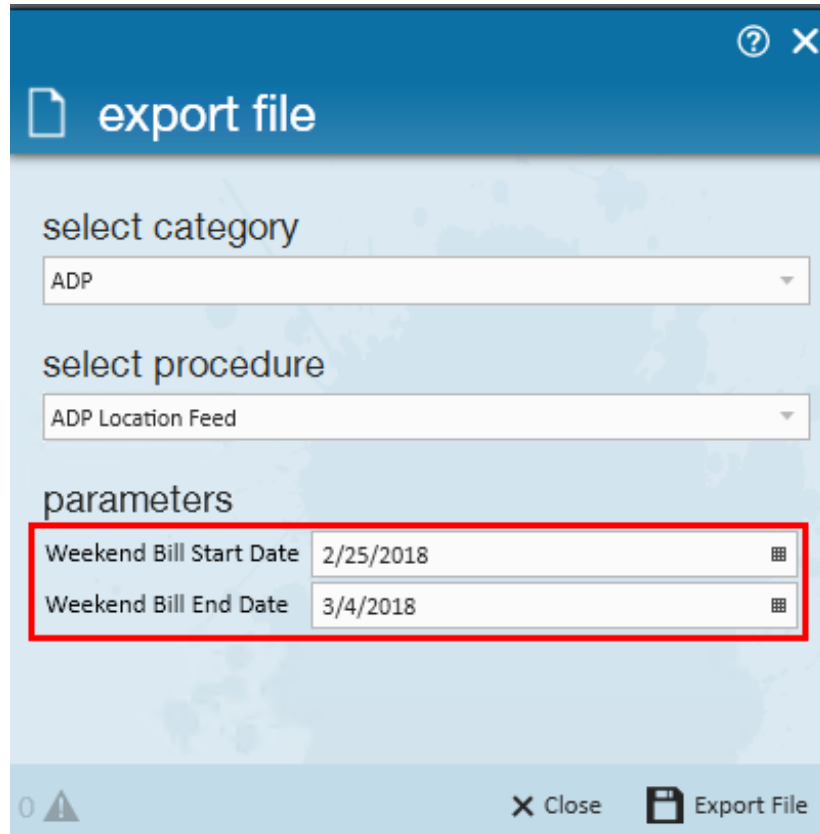

## Running the Exports Weekly

Within Enterprise, navigate to Pay/Bill, click on the Actions Menu , then click on Export.

Select the category of 'ADP' and within the procedure drop down, you will see options for three different exports (ADP New Hire Export, ADP Payroll Feed, and ADP Location Feed). Each file will need to be exported individually, every week, and sent to ADP to ensure the information in the files are correct and updated:

Two important fields will display as parameters for each of your exports:

- Weekend Bill Start Date: The date you would like to begin pulling data for your

export.

- **Weekend Bill End Date:** The weekend bill date for the week of your export.

All transactions with weekend dates that fall within the weekend bill start and end dates will be pulled into the export.

**\*Note\*** The current week should be closed prior to running your export.

**\*Note\*** ADP will alert TempWorks of any errors with the exported files.
