Parameters:

1. Branch Name: A drop down list of all branches in the user's current hierarchy. Is a multi-value parameter so they can select all branches, just one specific branch or any combination of different branches in the list.
2. Month: Drop down that has all of the months of the year listed. Can select all months or just one.
3. Customer Name: Filters on the customer name for the customer that the contact is linked to.
