# Order Time To Fill Ratio Report

Last Modified on 12/26/2017 3:46 pm CST

Order Time To Fill Ratio

Purpose: This report allows you to see how long it takes from the time the order is created to the time it is filled. It is a great report to gauge how long it takes to find placements, determine if certain branches are struggling to find employees, or certain customers are harder to place for.

Start Date	9/1/2017	End Date 11/15/2017
Group By	Customer	Branch Canada Test, CardiffUK, Eag
Customer Name	real	Show Filled Show Filled Only

				Report Averages	**13.83 Days**	**0.50 Days**	**(40.67) Days**

Date Order Taken: Date the order was created. **Fill Date:** Date last assignment was created to fill the order. **First Assign Date:** Date very first assignment was created on the order. **Last Contact With Customer:** Date of the last message logged on the customer.

Filtering Parameters:

1. Start Date: Starting order taken date of your desired date range.

2. End Date: Ending order taken date of your desired date range.

3. Branch: A drop-down list of all branches in the user's current hierarchy. Is a multi-value parameter so they can select all branches, just one specific branch, or any combination of different branches in the list.

4. Group By: A list of different fields to group the data into on the report. Has the following options:

   a. Branch

   b. Customer

   c. Job Title

   d. (no grouping)

5. Customer Name: Filters for a specified customer name on the order record.

6. Show Filled: A drop-down list that allows you to filter out orders that have not been filled yet in order to not skew your results. The following options may be filtered:

   a. Show Filled Only

   b. Show UnFilled Only

   c. Show All
