How to Add an Enterprise Shortcut to the Desktop

Below is a file that will create a shortcut to Apps. This creates a simple and easy way to load the software without having to go through a web browser:

AppsOnTempWorks.zip

You may open it in the bottom left or center of your browser.

Open the compressed file to reveal the Shortcut setup configuration file. "Double click" on "AppsOnTempWorks":

C:\Users\ann.waskosky\Downloads\appsontempworks (1).zip\						
Name Size Packed Size Modified Created						
AppsOnTempWorks.wcx	289	216	2018-08-14 13:40			

Now you will see the Remote Desktop is ready to connect to your Connection URL. Select 'Next' to continue:

RemoteApp and Desktop Connections Access RemoteApp and desktops			
	_		×
Enter your email address or connection URL			
Email address or connection URL:			
https://apps.ontempworks.com/RDWeb/Feed/Webfeed.aspx			
Examples: https://contoso.com https://contoso.com/api/feeddiscovery/webfeeddiscovery.aspx https://contoso.com/rdweb/feed/webfeed.aspx john@contoso.com			
	Next	Can	icel

This will connect you and prompt you to enter your credentials then select'OK':

Windows Security	×				
Enter your credentials					
	These credentials will be used to connect to apps.tempworks.com and the RemoteApp and desktop resources it provides.				
host\bryan.cranston					
•••••	୕				
Domain: host					
Remember me					
ок	Cancel				

Note Remember to include "host\" in your username.

A message should appear showing your successful connection. Select 'Finish':

Access RemoteApp and desktops

Connection name:	Work Resources
Connection URL:	https://apps.tempworks.com/RDWeb/Feed/webfeed.aspx
Programs available:	1
Desktops available:	0
You can access these resource	es from the Start screen.
You can access these resource	es from the Start screen.
You can access these resource	es from the Start screen.
You can access these resource	es from the Start screen.
You can access these resource	es from the Start screen.
You can access these resource	es from the Start screen.

Now that the connection is made, the shortcut needs to be added to your desktop.

From the "RemoteApp and Desktop Connections" section of Control Panel, you may preview your newly made connection. Click the 'View resources' link located on the right hand side. This will open a window where you will be able to see the shortcuts for Apps:

🗟 RemoteApp and Desktop Conn	ections			×
$\leftrightarrow \rightarrow \cdot \uparrow$ 🗄 > Control P	Panel > All Control Panel Items > Rer	noteApp and Desktop Connections 🛛 🗸 さ	Search Control Panel	P
Control Panel Home	Connect to desktops and	l programs at your workplace		?
Access RemoteApp and desktops	Work Resources		Properties	
	This connection contains:	1 programs and 0 desktops You can access these resources from the Start screen.	View resources	
	Connection status:	Connected	Disconnect	
	Most recent update:	Tuesday, March 13, 2018 at 4:02 PM ✔ Update successful	View details	
	Date created:	Tuesday, March 13, 2018 at 4:02 PM	Remove	

Here you can see the Enterprise logo simply select the logo and drag and drop it to your desktop:

📙 🛛 🚽 🚽 🖓 🖬 🚽 🛛 Work Reso	urces (RADC)	- 0
File Home Share	View	
← → × ↑ 📙 « Win	dows > Start Menu > Programs > Work Resources (RADC)	✓ ひ Search Work Resources (RADC)
 ▲ Quick access Desktop Downloads Documents Documents Pictures Agendas 	Enterprise (Work Resources)	

Once the Icon is added, simply double click it to launch Enterprise:

	퉣 Rem	oteApp			×
	() I)o you trust the pub	lisher of this RemoteApp pro	gram?	
•	This RemoteApp program could harm your local or remote computer. Make sure that you trust t publisher before you connect to run this program.
