

Employee: WebCenter Notifications

Last Modified on 09/16/2019 9:33 am CDT

What is WebCenter?

The employee portal of WebCenter gives you, the temp employee, access to important information including paycheck stubs, assignment info, and important documents.

Note Each staffing company has a unique URL link to WebCenter and will need to provide you with log in credentials. These same credentials are used to log into HRCenter.

WebCenter Notifications

Each employee may receive email notifications related to important information in WebCenter. Each employee will have the ability to customize which notifications they are receiving.

To Find Notification Preferences:

1. Log into WebCenter (as an employee)
2. Select the My Information option from the Home page next to Your To Do List
3. Scroll down to Notifications
