Additional Updates

In Beyond

- Fixed an issue where Service Representatives section of System Settings would only show the first 1,000 reps.
- Optimized loading on the Message Stream dashboard widget.
- When adding an employee from a resume, there are new error messages and information to let you know size and file type limits.

In Enterprise

- Optimized the AR Statement Summary report to decrease loading time in the report

In HRCenter

- Fixed an issue where HRCenter surveys in Spanish were not displaying with proper diacritics
- Updated Nebraska's new 2020 W-4 form

In WebCenter

- Updated descriptions on the following configurations in WebCenter:
  - **Timecard Bypass Unique Check:** "Allow duplicate timecards to be submitted with the same weekend date, paycode, cost center, and payrate"
  - **Timecard Bypass Date Check:** "Allow timecards to be created with a weekend date greater than 1 week from today"

API Updates: (For Self-Hosted Clients)

- New API endpoints have been created for future features
