

E-Verify Overview

Last Modified on 04/18/2024 3:53 pm CDT

TempWorks & E-Verify

E-Verify is a government run web platform that helps your team confirm that your employees or applicants are eligible to work in the United States. We integrate with E-Verify in Enterprise and Beyond to allow you to create a case and complete confirmation through E-Verify without ever leaving the employee's profile in our system.

Want to learn more about E-Verify? Check out their website: <https://www.e-verify.gov/>
