TempWorks & E-Verify

E-Verify is a government run web platform that helps your team confirm that your employees or applicants are eligible to work in the United States. We integrate with E-Verify in Enterprise and Beyond to allow you to create a case and complete confirmation through E-Verify without ever leaving the employee's profile in our system.

Want to learn more about E-Verify? Check out their website: <https://www.e-verify.gov/>

The screenshot shows a software interface with a blue header bar containing navigation icons and a 'TASKS' button with a '2' notification. Below the header, the employee profile for Andrew Web (4295081483) is displayed, including his SSN (758-58-3762) and location (EAGAN, MN 55121-2272). A dropdown menu is open over the profile, showing the 'E-Verify' status as 'Employee Referred (DHS)' with the case ID '2020090201003KJ'. The menu also includes options for 'View Cases' and 'Current Open Cases'.
