What is E-Verify?

Beyond allows users to integrate E-Verify seamlessly into the system for quick and easy processing for employment eligibility.

Note This integration does require additional setup and an existing relationship with E-Verify. **For more information about getting this setup, and pricing inquiries, please contact your TempWorks Account Manager.** Check out [Beyond - Setting up E-Verify](#) for more information.

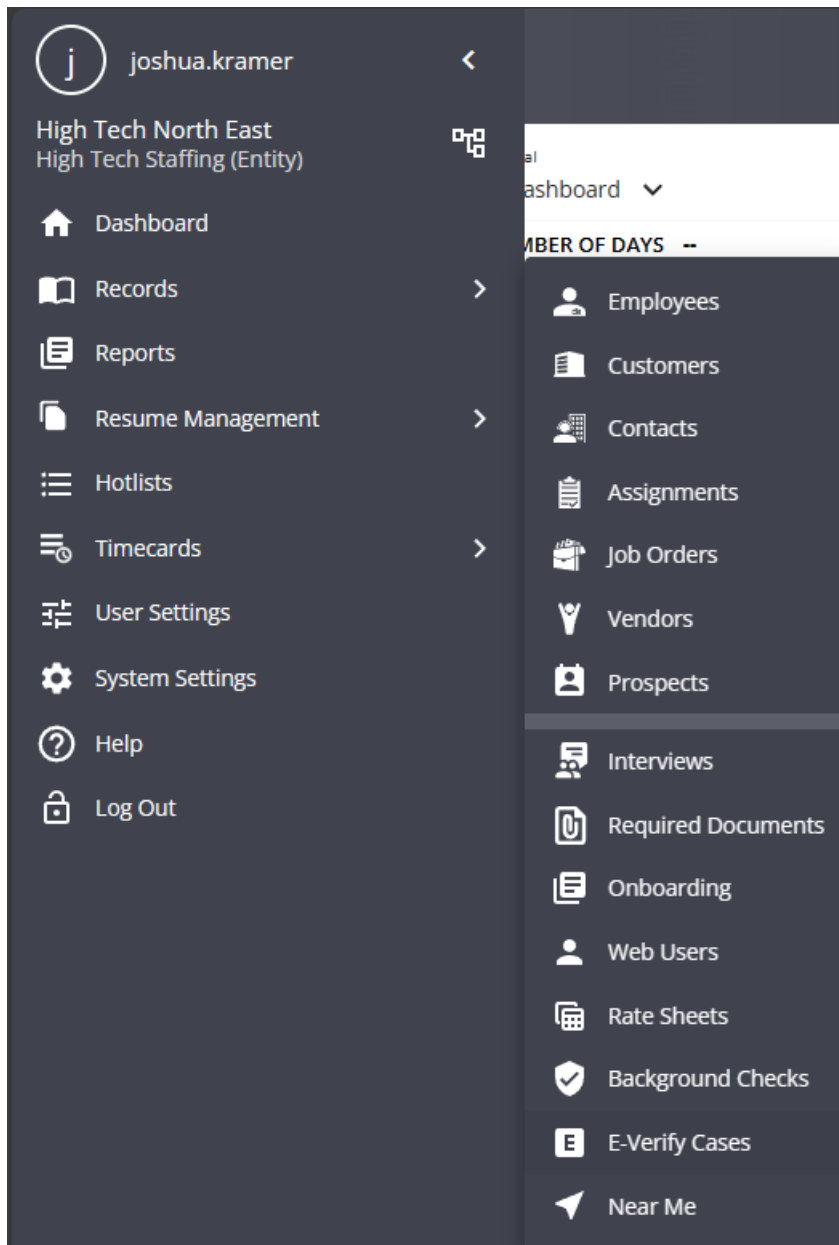

E-Verify Case Searching

Need to look up a recent case or cases you processed in Enterprise? You can use the E-Verify Case Search to review case information including status.

Note If you don't see the E-Verify Case Search option or you can't click to view case details, ask your Administrator for help. There are required security group permissions in order to view E-Verify Cases. Check out [Beyond - Setting up E-Verify](#) for more information.

To Find the E-Verify Search:
