The Highlights

COVID-19 Related Report Updates

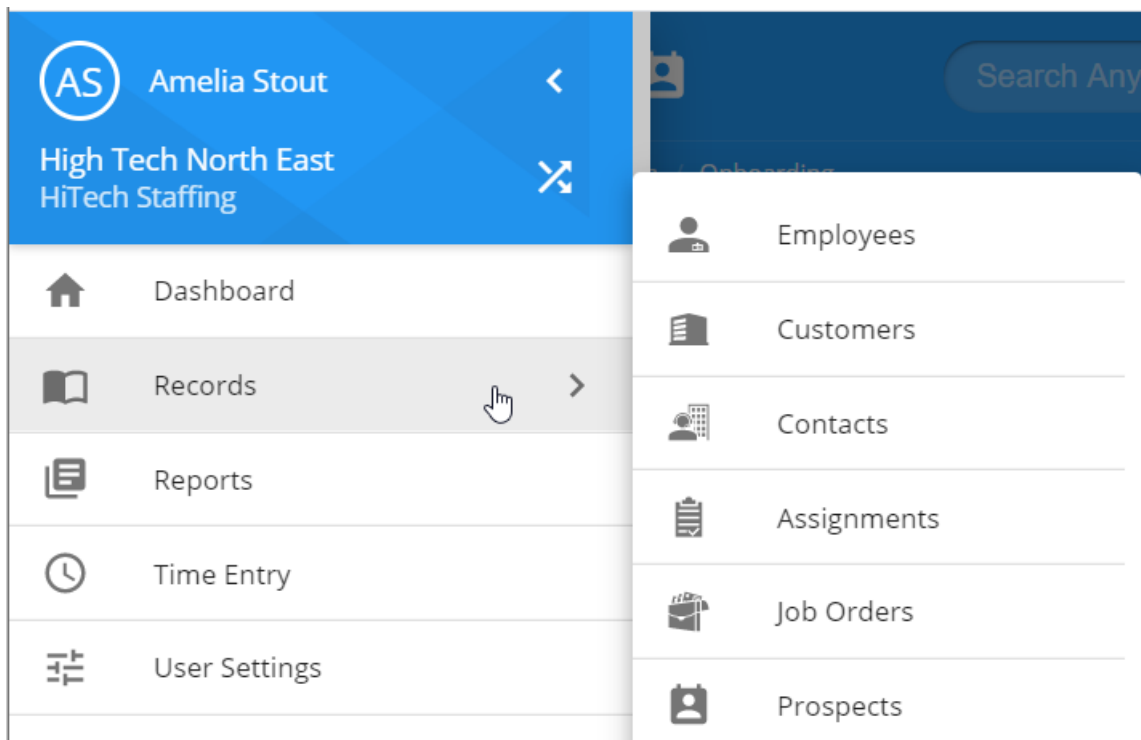

There are two report changes related to the CARES act:

- CARES Act PPP Loan Application has been updated with new parameters to meet new guidelines. Check out the [COVID Reports Manual](#).
- CARES Act PPP Loan Forgiveness Estimator has been created to help you navigate the PPP Loan applications and required information. Since this report is so robust, you can check out [CARES Act PPP Loan Forgiveness Estimator](#) article for more information.

Additional Updates

In Beyond

- The Beyond Menu has been updated. You can now find record searching as well as some of our other search options under the records section. Check out [Beyond - Advanced Searching](#) for more information.

- First Advantage drug test related background check packages will now display the results of the drug test in the score field on the background check result.

- Fixed an issue where date complete was not filling in on some completed background check requests.
- Fixed an issue where users who had phone extensions listed on their records were receiving an error message when trying to process E-Verify cases
- Fixed an issue where some users were receiving an error message when trying to [assign a PO number](#).
- Fixed an issue in the Beyond [E-Verify Search](#) where users could not filter by "cases with new updates"
- Fixed an issue where document name was not auto-populating when uploading a document to a record

In Enterprise

- Fixed an issue with the Resume Parser where image-based PDFs were causing users to not be able to navigate back to the batch of Resumes due to error messages.
