Release Notes: 06/12/2020

Welcome! Hope you are having a happy June!

> *Note* For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Updates This Week

In Beyond

- Fixed an issue where some users were receiving errors when creating a new E-Verify case
- Fixed an issue where education items on an employee's story were not loading the Major field consistently
- Fixed an issue where the + button to create a new task was not showing for all users
- The worksite address on the Job order will now allow you to click on it to open
- Auto replies and Key word responses from Zipwhip will now log on the relevant Employee's or Contact's record

In Buzz

- Assignments with a status for Deleted/Mistakenly entered will no longer appear in Buzz

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
