

# Release Notes: 07/24/2020

Last Modified on 07/23/2020 3:57 pm CDT

**\*Note\*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

## The Highlights

### Worksite & Assignment Accruals in Beyond

Continuing with our Accrual functionality in Beyond, we now have the ability to add and manage worksite and assignment specific accrual packages.

## Additional Updates

*In Beyond*

- Fixed an issue where some users were getting error messages when setting up sales tax on worksites
- Fixed an issue where messages were not loading correctly on prospect records
- Updated font colors on Beyond Insight Widgets to make it more legible
- Fixed an issue where some users were receiving error messages when running employee searches
- Fixed an issue where some First Advantage status updates were not posting back to Beyond

#### ***In Enterprise***

- Fixed an issue where COVID paycode errors would populate regardless of whether or not a COVID paycode was in use.

*Congratulations!* You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
