**\*Note\*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

## Additional Updates

---

### *In Buzz*

- Fixed an issue where some Buzz timecards using the Federal Timecard Template were calculating overtime for any time over 8 hours per day even though the timecard was set up with the Standard OT plan (anything over 40 hours per week). Overtime will now calculate correctly in Time Entry.

### *In HRCenter*

- Fixed an issue where employees were intermittently receiving the error message: "Please contact the administrator of the page that sent you here for the correct URL." while logging in or using HRCenter.

*Congratulations!* You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
