Off-Cycle Release Notes: 01/11/2021

This Off-Cycle release is focused on supporting additional tax changes, etc. for the new year

> ***Note*** For all self-hosted clients, please open Enterprise and, when prompted, install hotfixes for your system. You will not see an Enterprise build number change nor will you need to get a new build from Bridge.

Off-Cycle Updates

Tax Updates:

- Fixed an issue where some users were having PSD taxes would double taxable amounts or eliminate a tax amount.
