Release Notes: 01/15/2021

January 15th is National Hat Day, so take a moment to appreciate your hats and stay warm. 🎩🧢

> ***Note*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features. There is an additional note for self-hosted users at the end of this article.

Additional Updates

In Beyond

- Updated to show 2020 W4 tax fields for 2021 to support the 2021 Federal W4

In Enterprise

- Update Ohio New Hire export to meet new file format changes
- Updated URL for our PeopleFacts integration
- Updated to show 2020 W4 tax fields for 2021 to support the 2021 Federal W4
- Updated Employee Wage Statement errors to be more specific
- Updated Employee Wage Statement order to ensure year 2020 is displayed first

In HRCenter

- Fixed an issue where assigned workflows were not appearing in HRCenter for select users
- Updated Mobile Default I-9 to allow users to enter N/A for the phone number field as specified in the I-9 instructions
- Update Service Rep signature section for Mobile Friendly I-9 to ask if the employee qualifies as a reverification or rehire. Selecting Yes will open up additional fields for the user to fill out

Tax Updates:

- Added new Community Safety Payroll tax for Eugene, Oregon. This new tax includes an employee and employer paid portion

API Updates: (For Self-Hosted Clients)

- New API Endpoints for future features. Check out our public roadmap on our Community Hub

> **Self-Hosted Notes:**
>
> 1.) Login server changes require a manual SQL migration script (20210115_self-hosted_sql_migrations.ps1

from the TempWorks GitHub repository) to be applied using appropriate paths:

```
> powershell.exe -ExecutionPolicy Bypass -File .\20210115_self-hosted_sql_migrations.ps1
C:\ProgramData\TempWorks\config\login-server
```

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
