BenefitElect Overview

TempWorks & BenefitElect

BenefitElect is a benefits package program for temporary employees within the staffing industry. With setup complete for the integration, BenefitElect adjustments are seamlessly managed automatically via a secure import/export process between Enterprise and BenefitElect.

Want to learn more about BenefitElect? Check out their website: https://benefitelect.com/

BenefitElect Benefits Include:

- An intuitive and easy to understand setup process
- Seamless and automatic benefits administration
- Robust data tracking
- Secure data transfer through a Secure File Transfer Protocol (SFTP)
