

Release Notes: 04/09/2021

Last Modified on 04/08/2021 3:50 pm CDT

Happy April! 🌸

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Product Updates

In Beyond

- Fixed an issue where some users were seeing an unexpected error when trying to edit or view [customer default](#) multiplier codes

In Buzz

- When utilizing the federal timecard template, users will now be able to accurately enter third shift hours without receiving a warning about going over 24 hours. For more information about timecards in Buzz, check out [Buzz - Timecard Entry Setup](#)

In HRCenter:

- Ohio W4 was updated to match formatting changes

In WebCenter

- The Timecards Create Days in Advanced config has been fixed to properly show future weeks when selecting the timecard weekend date from the calendar depending on the config value
 - To learn more about this config, check out [Setting up Timecards in WebCenter](#)
- Fixed an issue where some employees were receiving error messages when navigating to WebCenter
- Rejected Workflows from HRCenter will no longer show as pending in WebCenter

Tax Updates:

- **Sales tax** for the following WA jurisdictions have been updated (effective 4/1/2021):
 - Port Townsend is changing to 9.1%
 - Jefferson is changing to 9.1%
 - Seattle is changing to 10.25%
 - Vancouver is changing to 8.5%
- Updated withholding taxes for New Mexico

- Updated local year end W2 electronic file for Columbus, OH to EFW2 format(same as the rest of OH)
 - W2 files are found in Step 6 of the [year end worksheet](#)
- Increased the Maryland Max Standard Deduction to \$2,350 for withholding
- Updated the Oregon Mag Media file to no longer remove employees that has OR State Income Tax but not OR SUTA taxes taken out
- Ohio W4 was updated

API Updates: (For Self-Hosted Clients)

- An update was made to API endpoints for the [Melissa Address Standardization](#) integration to fix a bug where address line 2 sent to Melissa was returning unexpected values that were not properly being handled in our system
- New API Endpoints created for future features

***Note* Self Hosted Clients -**

There are SQL fixes being released in this release that will impact the Montana W-4 update that is slated for the 4/23 release. If you operate in Montana, please make sure to have all SQL fixes applied to your system before the 4/23 release updates to ensure your employees can continue to fill out the Montana W-4 in HRCenter.

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below
