

Release Notes: 06/04/2021

Last Modified on 07/12/2021 10:02 am CDT

Welcome to June! The month where mother nature flips the switch on Minnesota and makes the weather consistently very hot, and very humid.

This release focuses on a few specific fixes related to E-Verify and First Advantage, while also laying the groundwork for new features coming in future releases.

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Additional Updates

In Beyond

- Fixed an issue where E-Verify cases were unable to be submitted for Lawful Permanent Residents.
- In the event an error would be received from E-Verify when searching for employees within Beyond, the E-Verify charm will have a red exclamation letting you know that there was an error with E-verify. Clicking on the icon will allow you to retry the request or view further details of the error received.

In Enterprise

- Fixed an issue where Bill Rates on a timecard were unable to be edited once the timecard had been pulled through a Proofing and Payroll run.
- Fixed an issue with First Advantage background checks and statuses not reflecting properly within Enterprise from First Advantage.

In HRCenter

- Fixed an issue where the How Heard Of options were not updating after refreshing cached data within HRCenter Admin.

Tax Updates:

- Updated the tax rate of Kane Area School District, PA to 0.7%.
