

Release Notes: 07/30/2021

Last Modified on 07/30/2021 10:04 am CDT

This release brings plenty of tax updates along with a new field that can be added when searching through HRCenter applicants. Let's get into it.

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Additional Updates

In Beyond

- When conducting an [Onboarding search](#), you will be able to add the Date Step Completed field within your search results, along with being able to sort on the same field. If you do not see this field initially, simply right-click on the bar and select it from the options to show:

The screenshot displays the HRCenter Onboarding Search interface. The top navigation bar includes a search bar and utility icons. The left sidebar shows navigation options like Bookmarks, Recent History, Onboarding Search, and Dashboard. The main content area is titled 'Onboarding Search - Search all assigned onboarding steps' and features a search filter bar with fields for Tenant, Workflow, Step, and Step Status. Below the filter bar, a search results table is visible, showing columns for Step Name, Step Status, Workflow, Active, Date Step Assigned, Employee Branch, and Date Step Completed. A dropdown menu is open over the table, listing various fields that can be added to the search results, including Employee Name, Employee Id, Username, Step Name, Step Status, Workflow, Active, Date Step Assigned, Employee Branch, Tenant, Employee Email Address, and Date Step Completed. The 'Date Step Completed' option is highlighted with a red box.

- Fixed the following Sense mappings:
 - The 'Office' field related to the Candidate within Sense will now show the Branch the employee is assigned to.
 - The 'Status' field related to the Candidate within Sense will now show the current Hire Status on the Employee record.
 - The 'Status' field related to the Placement within Sense will now show the current Status on the Assignment record.
 - The 'Status' field related to the Client Contact within Sense will now show the Client Status as it shows in Beyond.
- Fixed an issue with upload dates appearing incorrectly on documents.
- Fixed visual inconsistencies with Beyond headers.

In Buzz

- Fixed an issue where biometric (fingerprint) login was unable to be turned off for Android devices.

In Enterprise

- When conducting an HRCenter search (All Options > HRCenter > Search) within Enterprise, you will be able to add the Date Step Completed field within your search results, along with being able to sort on the same field. If you do not see this field initially, simply right-click on the bar and select it from the options to show:
