

# Release Notes: 10/08/2021

Last Modified on 10/08/2021 8:10 am CDT

The spooky season has officially begun but don't worry, there is nothing to be afraid of with this release. On the contrary, there are plenty of things to be excited about with this release. These include the ability to log messages from search results and additional Year End form printing options within Beyond™, PSD Code changes for employees in PA, and more overall improvements.

**\*Note\*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

## The Highlights

### Beyond - Logging Messages from Search Results

Users now have the ability to log messages from Employee and Contact search results in Beyond.
