Release Notes: 11/19/2021

November is drawing to a close, the holiday lights are being strung, and holiday music is even starting to be played (even if it is a little too 'early'). With this being the last planned release for the month of November, we want to wish everyone a safe and happy Thanksgiving.

This release brings COVID-19 Required Documents, Year End updates around individual state W4 forms, and additional fixes.

> *Note* For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

The Highlights

COVID-19 Required Documents & Assignment Restriction

TempWorks has added COVID-19 Required Documents along with an Assignment Restriction to Enterprise and Beyond.

> *Note* For more information on these items, please see the following article titled "COVID-19 Required Documents".
