

Release Notes: 07/29/2022

Last Modified on 07/28/2022 9:45 am CDT

This release brings new and improved functionality to Beyond, tax updates, and other fixes across TempWorks products.

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

The Highlights

Beyond - Edit Messages

The ability to edit message has been added to Beyond along with additional functionality around tasks.

Note For more information on this functionality, please see the article titled [Beyond - Message Logging](#).

Beyond - Default Job Descriptions

The ability to create default job descriptions has been added to Beyond.

Note For more information on this functionality, please see the article titled [Beyond - Managing Customer Defaults](#).

Beyond - Search Improvements

Additional improvements have been made to searching in Beyond including the following:

- The "Status" filter in basic searches is cached and Beyond will remember user preferences upon logging in for the following basic searches:
 - Employees
 - Customers
 - Contacts
 - Assignments
 - Job Orders
- Added the "Sales Contact" column as a permanent column for default customer advanced search. Values within this column will appear as hyperlinks which will navigate the user to the respective contact record.
- Added the "Cell Phone" column for default employee and contact advanced search.

Product and Technical Support Life Cycle Updates

Many life cycle dates have been updated to the list of products, features, integrations, and technology that TempWorks supports.

Note For more information on updated dates, please see the article titled [Product and Technical Support Life Cycle Policy and Information](#).

Additional Updates

In Beyond

- When setting up the electronic pay within the employee record of Beyond, the bank name will now be shown.
- Fixed an issue where departments would not display when creating job orders in Beyond.
- Fixed an issue where departments would not be included in basic customer searches.

In Buzz

- Fixed an issue where daily timecards would show incorrect hours when switching between days.
- Fixed an error that would occur when attempting to view a document linked to a timecard that is in either Microsoft Word or Microsoft Excel format.

In Enterprise

- Created a new standard report titled “Occupational Employment and Wage Statistics (OEWS)” based on the requirements of the Bureau of Labor Statistics.

Tax Updates:

- Completed the following tax updates for Philadelphia:
 - Decreased the wage tax rate for residents to 3.79%.
 - Decreased the wage tax rate for non-residents who are subject to the Philadelphia city wage tax to 3.44%.
 - Completed the following tax updates for New Mexico:
 - Updated Albuquerque, New Mexico sales tax to 7.7500%.
 - Updated Belen, New Mexico sales tax to 7.5625%.
 - Updated Rio Rancho, New Mexico sales tax to 8.1875%.
 - Added the Ridgedale School District, Ohio tax with a rate of 1%.
-
