

Release Notes: 07/28/2023

Last Modified on 07/28/2023 12:56 pm CDT

This release brings the ability create and manage interest codes/categories in Beyond, tax updates, and plenty more fixes and improvements across TempWorks products.

Note For all self-hosted clients, TempWorks will be performing updates for the Login Server over the next several releases. As a result, it is required that Self-Hosted clients make sure to install all hotfixes related to this release as soon as possible and not skip a release.

The Highlights

Beyond - Interest Code Management

The ability to add/edit/delete interest codes and categories has been added to Beyond.

Note For more information on this functionality, please see the article titled [Beyond - How to Create Interest Codes](#).

Additional Updates

In Beyond

- Fixed an issue preventing all worker comp codes from appearing within the Gross Profit Calculator.
- Fixed an issue where the “Deselect” contact method option was not functioning as intended when merging employee records.

In Buzz

- Fixed an issue where the application would not respect the Work Site time zone.

In Reports

- Fixed the “Branch” filter within the “Occupational Employment Wage and Statistics” report.
