

# Tax Processing Services Overview

Last Modified on 11/21/2023 11:13 am CST

The Lone Oak Payroll Tax Team takes on the task of filing and paying your businesses payroll taxes. Tax filing requirements are constantly changing and new taxes are being rolled out every year. Filing and paying taxes inaccurately or late can lead to large tax penalties - an extra expense no one needs. Not to mention, verifying the accuracy and compliance of tax filings is a burdensome task, usually requiring an in-house expert or consultant. Lone Oak Payroll can be that in-house expert. Our team takes on the burden of filing accurately, making payments, verifying compliance, and corresponding with states as needed.

# Requirements to Utilize Tax Processing Service

We'll do the 90% if you can help with the 10%.

Close week according to [standard payroll deadlines](#)

**Note:** Deadline is weekly, Thursday's at 11:00 AM.

Establish a wire draw.

- Tax liabilities are collected weekly via your payroll wire, funding wire, or a stand alone tax liability wire
- Tax liabilities are collected by 10:00 AM on Friday's (10:00am on Monday's for some holiday weeks)

Prior to payments or filings being completed, Lone Oak will require documentation by tax authority:

- Company ID (typically separate for Employer Withholding, Unemployment, and Locals by state)
- Authority for Lone Oak Payroll to be the filing agent per jurisdiction
- Payment frequency communicated by state collecting authority

Register for new accounts with taxation authorities as needed

Send new tax account information such as account ID, frequency, rate, etc., to the Tax Team ([twtaxes@tempworks.com](mailto:twtaxes@tempworks.com)).

Inform the Tax Team ([twtaxes@tempworks.com](mailto:twtaxes@tempworks.com)) if you are no longer doing business in a jurisdiction and ensure those accounts are closed with taxation authorities

Send the Tax Team ([twtaxes@tempworks.com](mailto:twtaxes@tempworks.com)) all notices such as tax rates updates, frequency changes, account status changes, filing/payment issues, etc.

Maintain all employee tax setup, worksite and employee addresses to ensure tax liabilities calculate correctly
