Release Notes: 10/06/2023

Last Modified on 10/09/2023 2:17 pm CDT

Welcome to October! This release brings fixes and improvements across TempWorks products along with tax updates.

> ***Note*** For Self-Hosted clients, it is essential that the latest migration scripts are applied. Additional information regarding these changes can be found within the Self-Hosted note at the bottom of this article.

Additional Updates

In Beyond

- Fixed an error that would be received when adding four or more candidates to a job order.
- Fixed a visual issue within the default NJ Employee Assignment Notice report (Beyond report viewer) where characters and bullet points were appearing as "???".

In Reports

- Added "Date of Birth" column to the Washington Quarterly Mag Media file per requirements of the state of Washington.
- Created the new standard New York exemption IT-2104-E form titled "NY Withholding 2023 Exemption - Default":
    - This form is for employees who know they are exempt by falling in one of the two groups described on the IT 2104 E form. If the form is completed, the postfill will set the state exemption to "99".
- Fixed an issue within the IL Equal Pay Export where the export was returning a separate line for each week ending date.
- Fixed a grouping issue within the Timeclock Raw Punch Log WebCenter default report.

In WebCenter

- Fixed an issue where the "Vendor SSN/SIN Edit Mode" config was not functioning as intended.

Tax Updates:

- Completed the following tax updates:
    - Kentucky:
        - For Hanson, KY - Added local city tax of 1.5%.
        - For Hardin County Industrial District, KY - Added county tax of 1%.
    - New Jersey

- Updated sales tax rate to 6.625%.
  - Ohio:
    - For Lakeview, OH - Decreased tax rate to 1%.
    - For Montgomery, OH - Taxes will be collected by RITA effective 10/1/23.
  - Pennsylvania
    - For Springfield Township, Montgomery, PA - Added an LST tax with a rate of $52 for PSD code 461601.

API Updates: (For Self-Hosted Clients)

Self-Hosted Notes:

For all self-hosted clients, TempWorks will be performing updates for the Login Server over the next several releases. As a result, it is required that Self-Hosted clients make sure to install all hotfixes related to this release as soon as possible and not skip a release.

Login server changes for this release require a manual SQL migration script (20231006_self-hosted_sql_migrations.ps1 from the TempWorks GitHub repository) to be applied prior to upgrading services using appropriate paths:

> powershell.exe -ExecutionPolicy Bypass -File .\20231006_self-hosted_sql_migrations.ps1 C:\ProgramData\TempWorks\config\login-server
