

Branding HRCenter - Registration Redesign

Last Modified on 03/19/2024 4:12 pm CDT

Why You Should Utilize the Branding Options

In HRCenter™, you have different branding options to help customize your applicants' experience. Utilizing these options can help attract applicants and makes your HRCenter look professional and your own.

This article covers:

1. [Navigating to Brand Options](#)
2. [Colors](#)
3. [Favicon](#)
4. [Logos](#)
5. [Additional Customization](#)

Note Any branding changes can take up to 5 minutes to take effect.

To Navigate to Branding Options

1. Log into your HRCenter Admin
 - If you do not have the link or permission to access HRCenter Admin, please talk to your administrator or contact [support](#).
2. Navigate to Tenants
3. Branding options are found on the Theme card under Configuration on the Tenants page:

Theme	
Branding FavIcon Browser FavIcon (16 x 16px). 	Upload
Branding Logo Dark Background Branding logo for a dark background (176 x 40px recommended with transparent background). 	Upload
Branding Logo White Background Branding logo for a white background (250 x 55px recommended with transparent background). 	Upload
Custom CSS Custom CSS for HR Center	Update
Custom Java script Custom java script for HR Center	Update
Primary Color Customize your primary color to a preferred color.	<input type="color" value="#a59c50"/> #a59c50
Secondary Color Customize your secondary color to a preferred color.	<input type="color" value="#b02c97"/> #b02c97

Branding Colors

You can customize the colors within your HRCenter to fit with your company brand.

Primary Color

Customize your primary color to a preferred color.

 #a59c50

Secondary Color

Customize your secondary color to a preferred color.

 #b02c97

- The "Primary Color" is used for buttons and links:

Upload a resume

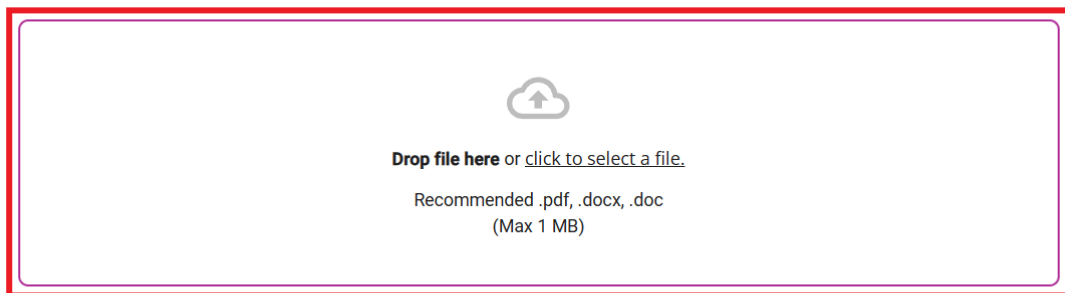

If you already have a resume, uploading it now can save you time.

- The "Secondary Color" is used as an accent color for instructions, etc.:

Upload a resume

If you already have a resume, uploading it now can save you time.

To change the color, input the desired color's hex code.

Note Don't know the hex code? there are a number of hex color picker websites to help you. Here is one of our favorites: [W3Schools](#).

Branding Favicon

16 x 16px

This image will appear on the tab of the internet page when a user is logging in or has logged into TempWorks HRCenter (and in WebCenter's Employee/Customer Portal).

Branding Logos

Recommended size for both logos: 176x40 px with a transparent background (PNG file type works best)

White Background

The white background logo is an optional logo. If nothing new is uploaded for that image then nothing will display in its spot.

Dark Background

This logo will be visible to the applicant throughout their application. The small logo is located in the upper left corner of HRCenter.

Additional Customization

HRCenter allows for additional customization by utilizing the Custom CSS or Java script options. These options are great for those who understand and have experience coding in CSS or Java script to customize the colors, features, and page layout options.

Note If you have never written in CSS or Java script before, we highly recommend that you do not attempt to update or change the Custom CSS or Custom Java script options without consulting a professional.
