

# Release Notes: 02/23/2024

Last Modified on 02/22/2024 2:27 pm CST

This release brings the DNA Status charm to Beyond along with additional fixes and improvements across TempWorks products.

**\*Note\*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

## The Highlights

### Beyond - DNA (Do Not Assign) Status Charm

Added a new "DNA Status" charm within Beyond for Employees, Customers, and Assignments:

- The state of the DNA State charm depends on the pre-existing "Do Not Assign" field and its status.
- Shows information related to the employees/customers DNA Status depending on the color of the charm:
  - If **black**, one of the following will be true:
    - The employee has **not** been marked as "Do Not Assign".
    - The customer has **not** been marked as "Do Not Assign".
  - If **red**, one of the following will be true:
    - The employee was marked as "Do Not Assign" by a customer.
    - The employee marked a customer as "Do Not Assign".
    - Both the employee and customer marked each other as "Do Not Assign".

**\*Note\*** For more information, please see the article titled [Beyond - Charms Overview](#).

## Additional Updates
