

# Release Notes: 05/03/2024

Last Modified on 05/02/2024 1:02 pm CDT

Welcome to May! This release brings tax updates along with plenty of fixes and improvements across TempWorks products.

**\*Note\*** For Self-Hosted clients, it is essential that the latest migration scripts are applied. Additional information regarding these changes can be found within the Self-Hosted note at the bottom of this article. As always, ensure you install all updates to give your users the best experience and new features.

## Additional Updates

#### **API Updates: (For Self-Hosted Clients)**

##### **Self-Hosted Notes:**

Login server changes require a manual SQL migration script (20240503\_self-hosted\_sql\_migrations.ps1 from the [TempWorks GitHub repository](#)) to be applied using appropriate paths:

```
> powershell.exe -File .\20240503_self-hosted_sql_migrations.ps1  
C:\ProgramData\TempWorks\config\login-server
```
