

# Release Notes: 06/28/2024

Last Modified on 06/28/2024 10:05 am CDT

This release brings plenty of fixes and improvements across TempWorks products.

**\*Note\*** For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

## Additional Updates

### *In Beyond*

- Fixed an issue which would previously allow rates within the Financials section to be saved to orders when automatic calculations are being conducted. Now, the “Submit” option will not be able to be selected until automatic calculations have been completed.

### *In Reports*

- Updated the default Federal I-9 to not allow the editing of the “Today’s Date” field.
- Fixed an error that would occur when attempting to open the Employee Hours report.
- Fixed the “Total Hours” and “Wage” columns within the Dynamic Employee Query report.
- Updated the Dynamic Employee Query report to include the “Employee Name” and “ID” filters.

### *In WebCenter*

- Fixed a timeout error that would occur when editing and viewing timecards.

### *Tax Updates:*

- District of Columbia:
  - Minimum Wage has been updated to \$17.50.
- Nevada:
  - Minimum Wage has been updated to \$12.00.
- New Mexico:
  - Completed tax updates based on the requirements provided by the state of [New Mexico](#).
- Ohio:
  - For Lake County, Ohio - Updated the sales and use tax rate to 7.00%.
  - Completed withholding tax updates based on the requirements provided by the state of [Ohio](#).
- Oregon:
  - Minimum Wage has been updated to \$14.70.

- Washington:
    - Completed tax updates based on the requirements provided by the state of [Washington](#).
-
