Last Modified on 11/14/2024 9:03 am CST

This release brings Enhanced Quick View Record Navigation and Updated Permissions for Viewing Tasks within Beyond along with tax updates.

## The Highlights

### Beyond - Enhanced Quick View Record Navigation

When opening the "Quick View" from a search, so long as the search provides more than one result, you can now easily navigate between records.

**\*Note\*** Additional functionality for enhanced full-page record navigation will be coming in a future release.

## Beyond - Updated Permissions for Viewing Tasks

Permissions and hierarchy have been updated for the viewing of tasks within Beyond. This includes:

- Permissions are no longer required to view a "Public" task.
- Added a permission to control the viewing of a "Private" task.
- When a task is linked to a specific record at the time of creation, it inherits the hierarchy associated with that record.
- When a task is not linked to a specific record, it inherits the hierarchy of its creator.
