Last Modified on 04/30/2025 12:24 pm CDT

This release includes updates to Illinois Equal Pay reporting, tax updates, and additional fixes across TempWorks products.

## The Highlights

---

### IL Equal Pay Reporting

To assist in compliance with the state of Illinois, the IL Equal Pay export has been converted into a report that can be run within Beyond and Enterprise.

Illinois requires private businesses with 100 or more employees within the state to submit an application to obtain an Equal Pay Registration Certificate (ERPC) by providing certain pay, demographic, and other data to the Illinois Department of Labor.
