

Off-Cycle Release Notes: 05/01/2025

Last Modified on 04/30/2025 11:07 am CDT

This off-cycle release includes fixes for the Customer Portal within WebCenter.

Additional Updates

WebCenter

- Updated verbiage within empty auto-complete drop-down fields to show "Type to Search".
- Fixed a redirect issue when navigating between the legacy and the enhanced Customer Portal.
- Fixed an issue where user preference is not respected when navigating between legacy and the enhanced Customer Portal.

For Self-Hosted Clients

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
