

Release Notes: 02/20/2026

Last Modified on 02/19/2026 11:14 am CST

This release includes updates to invoice recipients in Beyond, Illinois reporting, as well as additional fixes across TempWorks products.

The Highlights

Phased Rollout - Notification Service

To improve the stability of email delivery in Beyond, and to support future enhancements to our notification capabilities, TempWorks is introducing a new cloud-based Notification Service that utilizes registered domains.

With the Notification Service being released via a phased rollout over the month of February, you will be receiving an email with instructions on how to complete the setup within Beyond.

For more information on the Notification Service and getting the process started on adding your registered Domain(s) within Beyond, please contact your TempWorks Account Manager.

Additional Updates

Beyond

- Added the ability to select specific attachment types for invoice recipients.
- Added the ability to edit invoice recipient information.
