

Release Notes: 06/26/2026

Last Modified on 06/25/2026 11:26 am CDT

This release brings the ability to create custom in-app notifications within Beyond, along with additional fixes across TempWorks products.

The Highlights

Beyond - In-App Notifications

With in-app notifications, clients are able to create, send, and receive custom notifications, all directly within Beyond.

Additional Updates

Enterprise

- Optimized back-end functions to help prevent slowdowns when processing payroll.

HRCenter

- Fixed the "s.map is not a function" error when attempting to preview pages that contain dropdowns, i.e. the EEO page.

Reports

- Fixed an error that would occur when attempting to run the default Employee Messages report.

WebCenter

- Fixed a visual issue when attempting to view and update TimeClock timecards on a mobile device.

Tax Updates

- Arkansas
 - Updated withholding rates based on the information provided by the state of [Arkansas](#).
- New Jersey
 - For New Jersey Paid Family & Medical Leave
 - Updated the Employer wage base to \$44,800.
 - Updated the Employer Temporary Disability Insurance (TDI) rate to 0.75% of the first \$44,800.

For Self-Hosted Clients

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.
