

Release Notes: 07/24/2026

Last Modified on 07/23/2026 3:29 pm CDT

This release brings the new TempWorks Mobile App, the LLH integration, and an enhancement to In-App Notifications within Beyond.

The Highlights

TempWorks Mobile App

The new TempWorks Mobile App is now available!

With the new TempWorks Mobile App, you can have a themed mobile application within the Apple App Store and Google Play Store based on your companies unique branding.

The TempWorks Mobile App is an all-in-one mobile application that allows users to enter their time, keep tabs on their assignment(s), an eye on their pay information, and house their documents.

Note The new TempWorks Mobile App requires additional setup. To start this process, please contact your TempWorks Account Manager.

Note For more information on the TempWorks Mobile App, please see the following articles:

- [What Is the TempWorks Mobile App?](#)
- [TempWorks Mobile App - Employee Overview](#)
- [TempWorks Mobile App - Application Localization](#)
- [TempWorks Mobile App - Availability](#)
- [TempWorks Mobile App - Documents](#)
- [TempWorks Mobile App - Job Board](#)
- [TempWorks Mobile App - Job Searching as a Guest](#)
- [TempWorks Mobile App - Accepting & Declining Job Offers](#)
- [TempWorks Mobile App - Time Entry](#)

LLH Integration

With the Live Life Healthy (LLH) integration with TempWorks, clients are provided a streamlined benefits eligibility calculation process and automated managing of adjustments for premiums and reimbursements/claims.

Note This integration requires additional licensing and an existing relationship with LLH.

To start the setup process, please contact your TempWorks Account Manager.

For more information on the integration, please see the article titled [LLH Integration](#).

Additional Updates

Beyond

- Added the ability to select in-app notification statuses to see additional recipient details:
 - Clicking the “**Sent**” status opens a dialog with a list of all recipients the notification was last sent to:
 - Recipients can be edited before the notification is sent and this list may differ from the recipients saved on the notification.
 - To view all recipients a notification was sent to, you will need to be at the same hierarchy level or higher compared to the notification itself, otherwise you’ll only see recipients in your current hierarchy view.

Status - Sending to Service Rep Teams

Last Sent By: Ivelina Kavalova

Send Date: 07/07/2026, 2:58 PM

Recipients can be edited before notification send. This list may not match the saved recipients on this notification.

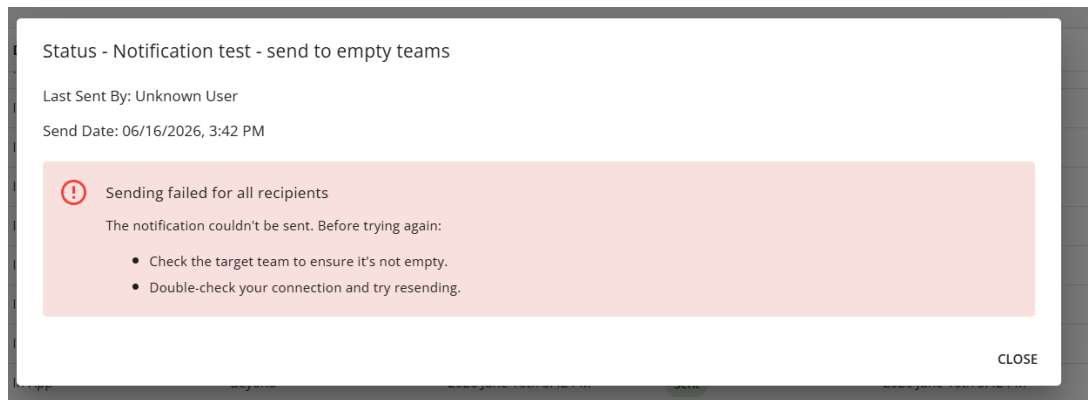

There are recipients outside your hierarchy and are not shown in this list.

Recipient Name ↓	Outcome	Reason
Yuliyen Kostov	Sent	--
Yordan Todorov	Sent	--
Ivelina Kavalova	Sent	--
Dian.Dimitrov	Sent	--
Deyan.Rusinov	Sent	--
danitest	Sent	--
Dani Test	Sent	--
Biser Ivanov	Sent	--

CLOSE

- Clicking the “**Failed**” status opens a dialog that contains the error message:

- The two main reasons for notifications not being sent include an empty recipient list (team with no members) and/or connection issues.

Note For more information, please see the article titled [Beyond - In-App Notifications](#).

Enterprise

- Fixed timeout errors that would be received when attempting to select the "Create Timeclock Proofing Session" option.

Reports

- Updated the New Hampshire Mag Media file to contain the full employee first name.

Tax Updates

- Kentucky
 - For Falmouth, KY - Added a tax rate of 1.5% for both resident and non-resident.

For Self-Hosted Clients

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
