

Release Notes: 09/04/2026

Last Modified on 09/03/2026 1:54 pm CDT

This release brings updates to the Data Integrity Check, tax updates for Washington, along with additional fixes across TempWorks products.

Additional Updates

Beyond

- Fixed an issue preventing employees from being able to be assigned due to E-Verify case information not updating as intended.

Note SystemIQ within Beyond is being updated to new Cloud standards and, as a result, SystemIQ will be unavailable from September 3rd at 9PM CT to September 4th at 3AM CT.

Reports

- Created the Availability List report that displays employee's availability for a week/month in a list format.

Note The Availability List report is included within the following Security Group/Role for access within Beyond and Enterprise respectively:

- Beyond: "Employee Reporting" Report Security Group
- Enterprise: "Report Group - Employee Reporting" Security Role

WebCenter

- Fixed an issue preventing employees from being added as candidates on Job Orders when selecting the "Add Job" option within the Job Board tab of WebCenter.

Year End

- Added validation to the W-2 Box 12 labels to prevent the use of special characters.
- Updated the Data Integrity Check Error #4 to allow Box 13 for Third Party Sick Pay.

Tax Updates

- Washington
 - Updated Local Sales & Use Tax Rates based on the requirements provided by the state of [Washington](#).

For Self-Hosted Clients

Note As part of this week's Job Board release on 9/4/2026, TempWorks is rolling out a security update. To complete the update, a manual configuration change is required in addition to the standard installation steps.

Please complete the following:

1. Open the web.config file for your Job Board installation.
2. Locate the `<runtime> ... </runtime>` section.
3. Replace that entire section with the contents of the [attached file](#) .
4. Save the file and complete your installation as usual.

TempWorks recommends applying this update at your earliest convenience as part of your standard release process.

Please contact your TempWorks Account Manager in the event you have further questions.

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
