

Release Notes: 10/02/2026

Last Modified on 10/01/2026 2:26 pm CDT

This release brings enhancements to the Beyond Date Pickers along with additional fixes across TempWorks products.

Additional Updates

Beyond

- Completed the following Date Picker enhancements:
 - Within the Date Picker calendar view, the week will now start on Sunday and end on Saturday.
 - The Date Picker will now only open when selecting the calendar icon. Clicking anywhere inside the date field will not open the Date Picker.
- Improved performance when utilizing the Universal Search for contact methods.
- Removed inactive branches from appearing within the “Gross Profit by Branch” Insight Widget.
- Fixed an issue where the “Expiration Date” field would not display when the Lawful Permanent Resident + Permanent Resident Card or Alien Registration Receipt Card (Form I-551) is selected when completing an E-Verify case.

Enterprise

- Fixed an issue where invoice adjustment amounts were not rounding as intended.

HRCenter

- For the 2026 DC Withholding form, completed background image updates to meet the requirements of the District of Columbia.

Reports

- Fixed an error that would be received when attempting to open the default “Sales Tax Deposit” report.

WebCenter

- Fixed a visual issue where assignments wouldn’t show as intended in the event a customer has 20 or more assignment records visible.

Tax Updates

- Pennsylvania
 - For Scott Township, PA - Updated the tax rate to 0.0% for residents. The non-resident rate remains the

same at 0.0%.

For Self-Hosted Clients

Note For all self-hosted clients, as always, ensure you install all updates to give your users the best experience and new features.

Congratulations! You've made it to the end of the release notes. Like what you read? Click the thumbs up below.
